Sky Diving Planned At City Airport Sunday

Hamlin and area residents will have an opportunity to see a thrilling skydiving show here Sunday afternoon. Members of the Sky Blazers Sport Parachute Club from Abilene will be demonstrating their skill in "free fall" jumping at the local airport. The Hamlin Jaycees will be assisting in the afternoon's activities and will be in charge of concessions.

There is no admission charge for the show which begins at 2 p.m. and will feature 12 to 15 jumps.

Sergeant Paul Ross of Dyess AFB, spokesman for the young men of the sport parachute group explained that in a free-fall jump, the parachutist delays from 10 to 45 seconds (depending on the altitude) after exiting from the plane before pulling his ripcord to open the chute.

And contrary to popular belief, Sergeant Ross further explained, in a free-fall jumper does not drop straight down but he can do such stunts as loops, barrel rolls, move horizontally, flip on his back to snap photos of jumpers in the air above by using hands and feet as air foils to maneuver the body at will. "You can go almost any direction except up," he quipped.

A smoke grenade is attached to the jumper's ankle which he sets in action to make himself visible to the spectators below.

Sergeant Ross, 36, has 222 sport jumps to his credit and is vice president and operations officer for the club. Jumping

a mile" when the accident occurred. He said the Mitchell pickup started sliding broadside as it entered the curve on the wrong side of the highway. It slid sideways about 120 feet, according to Williams and Tucker directed his car into the opposite lane to avoid the pickup.

The patrolman said Mitchell got his pickup straightened out and apparently locked the vehicle's brakes just prior to hitting Tucker's car broadside.

Survivors include her father, her grandparents and her aunt. Pallbearers were Andy French, John Ferguson, Randy Brown, Jimmy Haught, Max Cowan, Van Newberry, Dan Newberry, O. H. Weaver and Bobby McCurdy.

The accident occurred on U.S. 83 south of Tuscola. Miss Robertson was riding in a sedan driven by Joe Stanley Tucker, 21, a McMurry student who received head injuries, when the car collided with a pickup truck driven by David Lee Mitchell, 29, of Abilene. Mitchell was dead on arrival at Hendrick Memorial Hospital and Miss Robertson died of chest injuries a short time after arrival at the hospital.

The accident was witnessed by Highway Patrolman Danny Williams, who was in pursuit of Mitchell's northbound vehicle at the time of the accident.

The Tucker car was traveling south.

Williams said he had clocked Mitchell at "better than 80 miles per hour" and had been in actual pursuit for "about half

Members of the Christmas committee are Byron Bell, chairman, David Casey, Lee Hastings, Ned Moore and Lewis Madden.

Other activities of the BCD recently included securing a program for the local Rotary Club and an assembly program for Hamlin High School students. The program was presented by the Air Force Recruiters from Abilene on "Our Flag", the story of the stars and stripes and how it should be displayed.

Ballots are now being mailed to each member of the BCD to elect six members to the board of directors. Twelve names are listed on the ballot and six will be chosen for three year terms. Each year, six members of the board complete their three-year terms and six new members are elected.

B-TEAM TO PLAY MERKEL TONIGHT

The Hamlin High School B Team will play Merkel at Merkel today (Thursday) at 4 p.m., according to the squad's coach, Dan Truelove.

A Freshman game originally set today with Roscoe was canceled by Roscoe.

Heavy Voter Turnout Gives LBJ Big Victory

Hamlin voters turned out in heavy numbers here Tuesday to join the rest of the nation in electing President Lyndon Johnson to his first full term as President. Johnson carried the Hamlin East box 187 to 39 or 82% and the West box 440 to 232 or 66%.

Johnson carried the nation with a popular vote of over

60% and carried all but six states at the time this was written. He carried Jones county 3624 to 1300.

Senator Ralph Yarborough trailed Johnson only slightly in Hamlin and Jones county as he won reelection to the U. S. Senate over his Republican opponent, George Bush. Yarborough carried the Hamlin East box 169 to 54, the West box 394 to 274, and the county, 3247 to 1633.

Governor John Connally swept the county in his bid for a second term. He polled 4093 votes to Jack Crichton's 783. He carried both Hamlin boxes by large majorities—East box, 198 to 25; and West box, 536 to 137.

Rep. Omar Burleson won his 10th consecutive term to Congress from the 17th Congressional District. He had almost a 4 to 1 lead over his opponent, Phil M. Bridges of Abilene. Burleson carried Jones county 4203 to 802. Burleson was leading in the district 50,195 to

14,725.

Neither State Senator David Ratliff or State Rep. Roy Aldridge had any trouble in winning reelection. Both were opposed by Republican candidates. Incomplete returns has Ratliff ahead 37,761 to J. R. Anderson's 9,492. Aldridge was ahead 8,498 to Joe Putman's 1361.

All returns are unofficial.

According to information here, Hamlin's West box voters turned in record numbers as over 700 of them voted Tuesday. This record vote was in spite of the fact that the box was out of ballots for about an hour and a half, from 3:30 to 5 p.m. It was thought by the election judges that nearly everyone who tried to vote during this time came back later.

Riding a three game victory string, the Pied Pipers will host the Winters Blizzards here Friday night in a District 5-AA clash. The winner can not figure in the district crown but the game will determine how the two teams will rank in the district.

Stamford, Anson and Ballinger are the three teams left that still have a shot at the title after their upset victory over Ballinger last week, 14-12. A Stamford win Friday night over Anson will give the Bulldogs the top spot and the right to represent the district in the play-offs. A loss by Stamford could throw the district into a three-way tie.

The Pipers will be seeking their first win over the Blizzards since the Winters' eleven joined this district and their first win over them in a number of years. Both Hamlin and Winters are 2-2 in district play. Hamlin is now 6-2 in season play following their 41-16 victory over Colorado City last week. The Blizzards are 4-4 in the season standings. They were idle last week.

The Blizzards were preseason favorites to win this district and to go on to capture the state title. The loss of their

star quarterback Denny Aldridge in their first game this season was a blow that they could not seem to overcome. He returned to action three weeks ago but it was not before they had lost one district game and then they fell to Ballinger two weeks ago to knock them out of the race.

The Blizzards field one of the largest lines in 2A football with the line averaging 211 pounds from tackle to tackle.

The probable starting lineup for the Blizzards will be: J. C. Riddle, 195 pounds, at the ends; Mike Patterson, 215 pounds, and Richard Shade, 275 pounds, at the tackles; Ricky Robinson, 150 pounds, and Bob Foster, 205 pounds, at the guards; and Johnny Mathis, 210 pounds, at center; Aldridge, 180 pounds, at quarterback; Lefroy Kettler, 145 pounds, at halfback; Larry Awalt, 165 lbs at pounds, at wingback; Richard Puckett, 150 pounds, substitute at quarterback and Van fullback; and Jimmy Adams, 170 Spill, 160 pounds, subs for Kettler.

On defense the Blizzards bring in Puckett, Jerry Awalt, Derrall Colburn and Roger O'Neal who weighs 230 pounds is the top boy on defense.

Effective February 1, 1965, Midwest Electric Cooperative, Inc. will reduce its present electric rates.

This reduction has been under study for several months and was given final approval at a recent meeting of the Co-op's Board of Directors.

In its twenty five years of operation, Midwest Electric has maintained the same rate structure it began with in 1939. During these years, the consumer owned system has returned over \$565,000 to it's members in the form of "Capital Credits" refunds.

The new rates will be an approximate 16 1/2 percent reduction of the present rates.

FAIRVIEW NEWS

By MRS. ELMER JOINER

As usual news is scarce out this way this week, since nothing out of the ordinary has happened, just the same old routine, eat, sleep and work.

Mr. Shirley Stewart, Mrs. Henry's brother-in-law, that has been ill in the hospital in Abilene, died last week and was buried in his home town of Aspermont.

Mrs. John Dutton and Lillie, of Anson, visited in Hamlin Sunday afternoon, coming back by the church to look around, then visited with Mr. and Mrs. Fred Rosenbaum.

Mr. and Mrs. Johnnie Agnew went to Ballinger Friday, and came home Saturday, visiting both on their way to and fro, with Mrs. Lois Hampton, in Abilene.

Mrs. Jack Gray was carried to the hospital last Friday, at last report she was better, but will be kept for tests.

Mr. and Mrs. Mack Sansing and two little daughters, of Higgins, spent last Tuesday night with her grandparents, Mr. and Mrs. Henry.

Mr. and Mrs. Henry took off Saturday morning, real early, for a trip to Elgin, to see their son, W. C. Henry and family, and will return Monday.

Mr. and Mrs. Elmer Joiner went to Anson, Sunday afternoon, to see Mrs. Hap Ray, who is a patient in the Anson Hospital. She was feeling much better, but will be given tests for gall bladder trouble, before she is dismissed, trying to determine the cause for her attacks.

Mr. and Mrs. Johnnie Agnew and Mr. and Mrs. Raleigh Bond, were guests of Mr. and Mrs. Flavil Holmes, Saturday night, having a good Halloween 42 party.

Apparently someone else had

a big party out this way Saturday night, as Mr. Bond's cotton trailer was overturned, the cotton spilled out, with evidence of a party left on the spot. Halloween may be a time for fun, but pranks like that are hard on people who are not young any more and have to load a lot of cotton again.

Mr. and Mrs. Doll Bills and daughters, returned home last Friday, after having spent their vacation visiting her parents, Mr. and Mrs. Winslow Gray and other relatives on the Plains, their home being in Houston.

Mr. and Mrs. Jimmy Joiner, Ronald and Jeannie, spent Saturday night with the Elmer Joiners.

Linda Goodwin went to Abilene, Saturday, with her friends Jeannie Young and Betty Daniels, where Mr. Young carried them to see the football game at McMurry college.

Few spooks were in evidence out this way, Saturday night, as there aren't many folks out here any more, and it is more profitable for them to go to town. It is always a pleasure to see the little ones out "trick or treating" on Halloween night.

Governor Names Richard Price District Attorney

Richard Price of Abilene has been named district attorney for the 104th District, which includes Jones, Taylor and Fisher counties. His appointment was announced last week by Gov. John Connally, to succeed Tom Todd, who resigned.

Mr. Price was elected to the office in the election Tuesday but this term does not start until Jan. 1.

A SYMBOL OF SAFETY

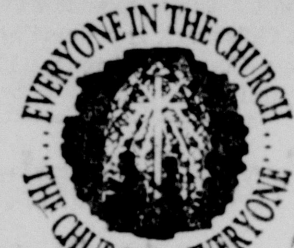

When the ship is in danger, we can depend on the life-boats to take us over the seas to safety. It is comforting to glance at the life-boat when the seas are rough.

Our Armed Services are a symbol of safety when our country is in trouble, when war threatens to raise its ugly head. In the past, when war has come, our servicemen have not hesitated to give their lives to protect and defend us.

There is a special Day each year when we remember and honor our servicemen who have died in the defense of our blessed country. Let us not forget, as individuals, to honor these dead and give thanks to God for those who protect us even now. Remember them as you attend church this week.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

PIPER PATT—

Junior Class to Present Variety Show at Assembly Thursday

By Nancy Ford
Carolyn Reynolds
Marolyn Reynolds

Cast your ballot for the man of your choice! Whether it be for Johnson of Goldwater; Connally or Chrichton; Yarborough or Bush; one must vote! Hamlin High School held an election of the presidential, gubernatorial, and senatorial candidates on Tuesday, November 3. With mixed emotions, the students elected Lyndon Johnson and Hubert Humphrey, President and Vice President; John Connally, the Governor of Texas; and Ralph Yarborough, the Senator of Texas.

The District Library Club Meeting was held at Abilene High School, Saturday, October 31. The students who attended the meeting, Marolyn Reynolds, Carolyn Reynolds, Mary Lois Patterson, Johnnie Harbert, Cynthia Stevens, Judy Jenkins, Phyllis Rackley, Quita Kelly, Tommy Oliver, and the sponsor, Mrs. Dewey Nunley, had the privilege to hear book reviews given by two Cooper High School speech teachers. The books presented were Rebecca by Daphne de Maurier and Letters from the Earth by Mark Twain. Following different library workshops given by various district schools, Fred Gipson, the author of Old Yeller, related to the students some of his personal experiences in his writings.

The Junior Class will begin the year of class assemblies that are sponsored by the Student Council, as it presents a variety program Thursday. Combined with their version of the New Christie Minstrels and other talent hitherto unrecognized, the show should prove quite interesting.

The Piper Stage Band will present a program for the P. T. A. Thursday. The stage band is working hard this year, and they hope to provide enjoyable entertainment for the people of Hamlin.

The varsity football team is

looking forward to the important game with Winters this Friday. A Senior football player, when asked about the game said, "Winters' Big Blue are mighty big, but the bigger they are the harder they fall." We are sure that everyone agrees with him!

Pipers Smother C-City Wolves, 41-16

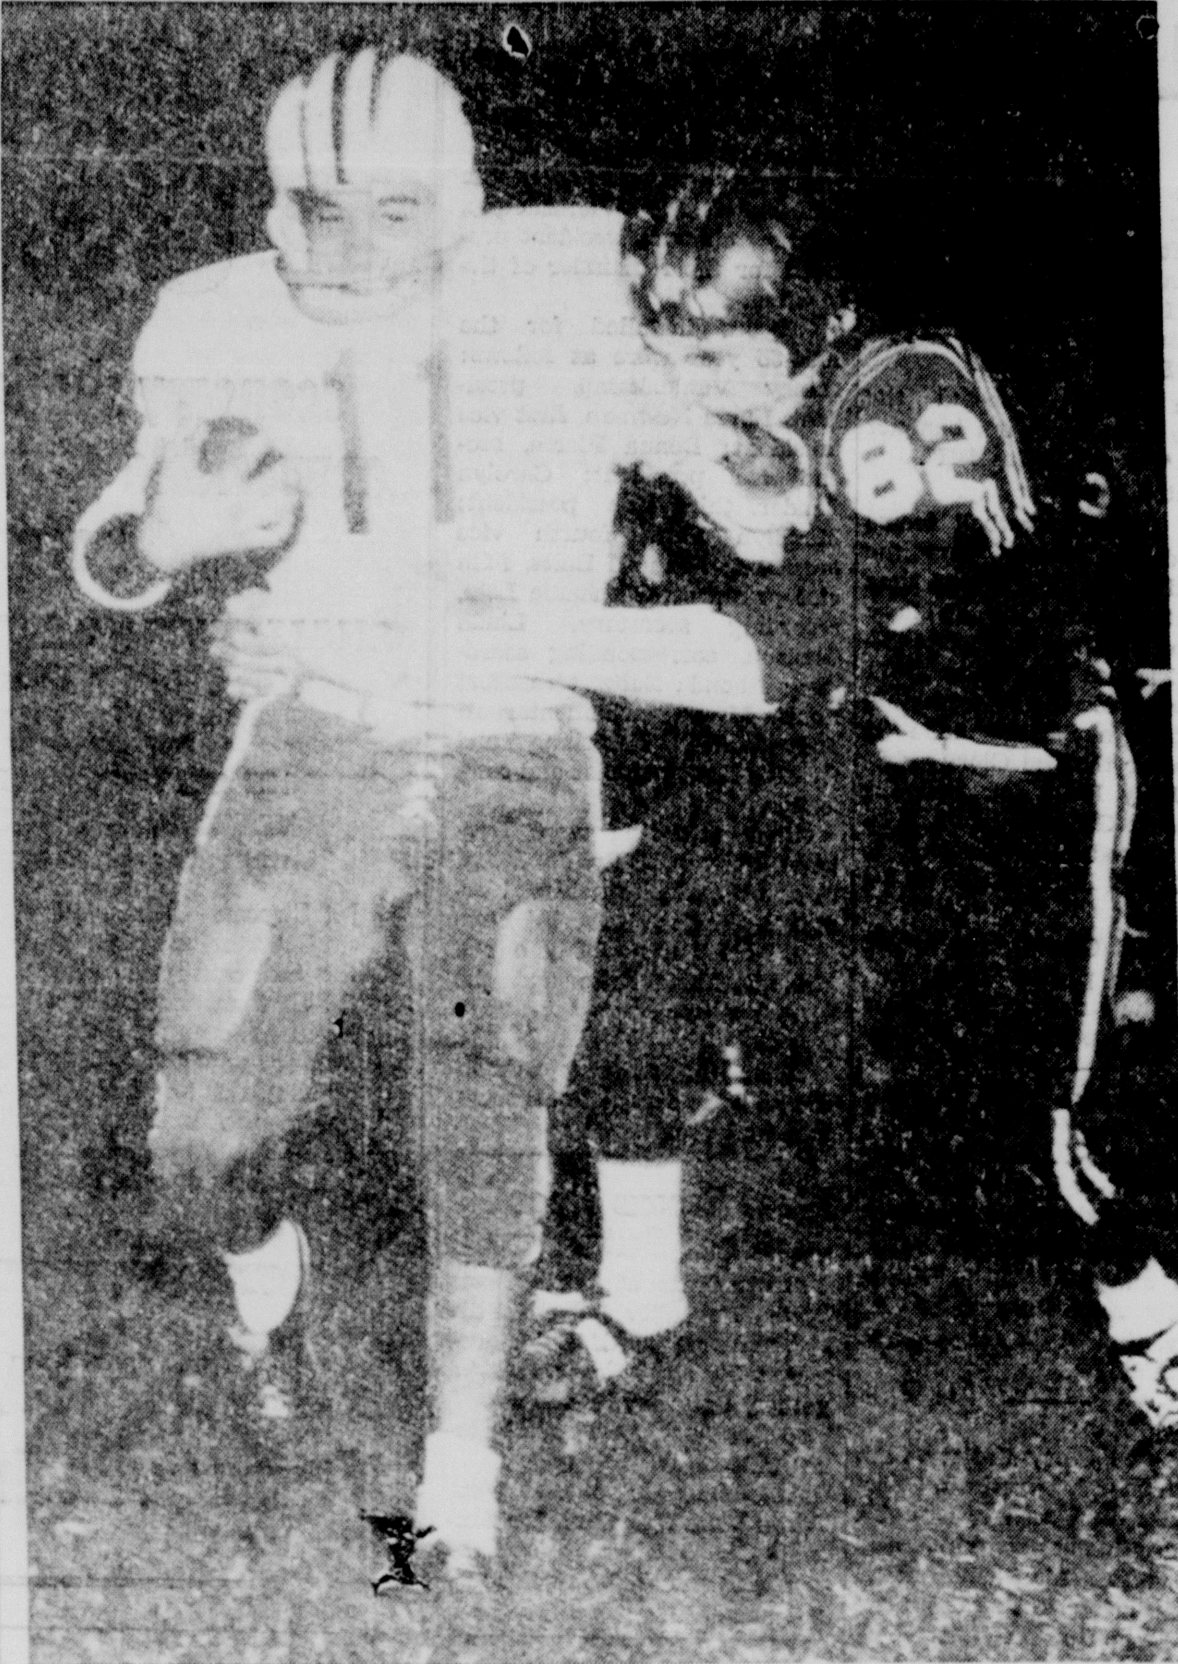

The Pipers scored in every quarter Friday night to smother the Colorado City Wolves, 41-16. The Pipers broke for a touchdown on their first play of scrimmage and completely dominated the game until the final period when Coach D. C. Andrews cleared his bench and the Wolves scored twice.

The Pipers racked up 174 yards rushing in the first half while holding the Wolves to a minus one yard.

Top ground gainer for the night was halfback Robert Pearce who carried 22 times for 122 yards with 16 of these coming in the first half for 93 yards. Next was fullback Johnny Overman with 14 carries for 92 yards. Top for Colorado City was halfback Donnie Lindsey with 17 tries for 63 yards.

In the passing department Pearce completed one of six passes for 20 yards and quarterback Tommy Ferguson completed seven of 17 for 81 yards. End Mike Shivers was on the receiving end of six of the seven completions for Hamlin. End James Ledbetter completed the other one.

The Pipers kicked off to the Wolves to open the contest

GAINS EIGHT YARDS — Playing quarterback during the fourth period Friday night, Johnny Overman turns left end for an eight yard gain as Colorado City's Don Latimer brings him down. Overman played most of the game at fullback and gained 92 yards in 14 carries. One of these was Hamlin's first play from scrimmage that was good for 42 yards and a score. with the Wolves starting action broke through the middle of a large gaping hole in the Wolves line and raced the 42 yards to take over on the C-City 42. On the first play, Overman Compton kicked the first of

the last three yards for the score. Lindsey carried for the two points again and the Wolves had cut the Piper lead to 34 to 16.

In the final drive of the night the Pipers moved the ball from their 40 to the C-City 11 before fumbling with Danny Warner. Allen Cumble and Overman doing the honors. Taking over on the 11, the Wolves fumbled on their first play and the Pipers had the ball back on the Wolf 10. A C-City penalty put the ball on the five and Ferguson passes to Shivers for the score. Compton kicked his final point for the night to give the Pipers a 41 to 16 victory.

New Use For Milk Cartons
To make a long lasting ice supply for the ice chest, collect empty milk cartons, fill them with water and freeze. When they finally thaw, you have a container of emergency drinking water.
Another twist is to freeze milk. It, too, serves as an ice supply and the contents taste refreshing after thawing. Homogenized milk loses little flavor in freezing.

Following the kick off the Pipers held the Wolves and took over on their 40 after the Wolves punted. The Pipers moved down to the C-City 10 yard line before their drive fizzled out after three incomplete passes. A 30 yard run by Pearce was the big factor in the drive.
Near the end of the first period the Pipers opened up another drive that was stopped on the C-City 35 yard line by a pass interception.
The Pipers put their second score on the board with 3' 33" left on the clock with a 27 yard run by Pearce around his left end. Two pass plays from Ferguson to Shivers kept this drive alive as both came on third down situations. Compton's kick was good.
The Pipers recovered a C-City fumble on the Wolves 29 and drove in to score with 58 seconds left on the clock. Pearce went the last 16 yards in three plays with a smash over his left guard for four yards for the score. The big play in this drive was the combination of Ferguson to Shivers that paid off when the Pipers were facing fourth and ten at the 29. Compton kicked the point after.
The Pipers opened up the second half with a 65 yard scoring drive that saw Ferguson going the last foot on a sneak. This time it was a Pearce to Shivers pass good for 20 yards on third down that kept the drive alive. The Pipers were aided by a 25 yard pass interference penalty and a 13 yard run by Pearce that carried to the C-City one foot line. Compton kicked the point after and the Pipers owned a 28 to 0 lead.
The Pipers scored again in the second period when Linebacker Larry Simpson stopped a C-City drive with a pass interception that he returned 50 yards to the C-City 15 yard line. Pearce moved the ball to the four in three carries and Overman went over his right tackle for the score from there. Compton missed his only conversion of the night and the Pipers were out in front 34 to 0.
Early in the fourth period the Wolves drove 78 yards to pay dirt with Lindsey going the final six over his left guard. Lindsey carried in for the two points.
Following a fumble on the Hamlin 35, the Wolves scored again with Perry Millsap going

THE PLACE WHERE BUYERS AND SELLERS GET TOGETHER

STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

AUSTIN, Tex. — This city once again became the seat of the executive branch of the federal government as President Johnson moved back to his home grounds for an expected prolonged post-election stay.

The President preferred to vote in person at his old box in Johnson City, rather than cast an absentee ballot.

An elaborate communications net work was prepared for the election day party here. Hundreds of national press, radio and television representatives accompanied Johnson to Texas Monday night.

Major developments are anticipated at the vacation White House during days immediately following counting of the votes.

The president, while resting up from the campaign, undoubtedly will be formulating his plans for the future and staying abreast of national and international developments at this important period.

He is scheduled to entertain at least one distinguished visitor at the LBJ Ranch. Mexico's President-elect Gustavo Diaz Ordaz will visit him November 12-13, according to early reports. Most observers predict the President will remain at least until mid-November, possibly longer.

COURT SPEAKS

Court of Criminal Appeals criticized state courts of inquiry but declined to declare unconstitutional the law authorizing such procedures.

Issue came before the court in the appeal of Pasadena Attorney N. A. Smith who claimed his constitutional rights were violated in a court of inquiry into Pasadena city finances. Judges ordered Smith freed of contempt of court charges from his refusal to testify at a court of inquiry held June 2.

Court of Criminal Appeals also ordered a new trial for Arthur Geter on marijuana charges in Harris County, citing a new U. S. Supreme Court decision that legal representation

in trials is a constitutional right. Geter began serving a life term in 1952.

Supreme Court refused to review a dispute between City of Athens and Gulf States Telephone Company over phone rates. It thus left standing the lower courts' decision that the East Texas city's 1961 and 1962 rate ordinances do not permit the company a fair return on its investment. City asked higher court to review the case.

In another case the Supreme Court agreed that Connecticut General Life Insurance Company is entitled to collect \$408,661 in overpayment of occupation taxes for 1952-57 and for 1959.

It left standing the lower court findings that United Press International libeled Bruce B. Mohs, a Madison, Wis., pilot in a story concerning a seaplane landing. Court of Civil Appeals has questioned the accuracy of most of the story. Mohs was awarded some \$7,500 in damages.

Board for State Hospitals and Special Schools cannot negotiate a new water-supply contract with the City of Big Spring, according to a ruling by 53rd District Judge Herman Jones. City attempted to have the Austin court set aside a 1937 contract under which it agreed to furnish water to the Big Spring State Hospital at a cost of 10 cents per 1,000 gallons. Estimated cost of furnishing this service now is set at 32 cents per 1,000 gallons. It is expected that the city will appeal Jones' decision.

BUSINESS CLIMES

Texas building permits rose to a near-record level of \$155,000,000 in September.

It was the 43rd month of the

current Texas business expansion — second longest peacetime cyclical upswing since December 1854. Longest period was March 1933-May 1937.

Business index as measured by University of Texas Bureau of Business Research was 12 per cent above September, 1963 — one per cent below all-time high of 152 per last July. Researchers registered an optimistic outlook for the remaining months of 1964.

APPOINTMENTS

Gov. John Connally has selected Richard M. Price of Abilene as 104th District Attorney. He succeeds Tom Todd who resigned the post effective Nov. 1. Price was the only general election candidate for the office. District includes Fisher, Jones and Taylor counties.

Connally reappointed Bay City Mayor Richard C. Gusman to the Battleship Texas Commission and selected Lofton O. Wells of Houston and Mrs. Mack J. (Viola) Webb of El Campo as new members of the Commission.

Appointees yet to be made total 72, on 29 state agencies, including the Sabine River Authority, Texas Water Commission, Neches, River Conservation District, State Seed and Plant Board, Red River Authority, Water Development Board, Texas Liquor Control Board, and 22 other administering bodies.

CLEANUP

Water Pollution Control Board announces its intention to adopt and enforce stringent regulations on all sewage treatment plants in Bexar County.

Board decided that there is no point in trying to clean up the Houston Ship Channel. It will be designated for navigation and industrial use, not for recreation.

ESTES JUDGEMENT ENTERED

Atty. Gen. Waggoner Carr reports that the 108th District Court in Potter County rendered a \$547,500 summary judgment against onetime West Texas financier Billie Sol Estes, winding up the state's suit against Estes and Commercial Solvents Corp.

State claims Estes and the firm combined to unlawfully injure and drive out competition in anhydrous ammonia fertilizer in the high plains area by selling below cost and through other schemes violating the anti-trust act.

Commercial Solvents earlier paid \$150,000 under an agreed judgment. But it admitted no liability.

Estes is appealing the Federal Court's 15-year fraud and conspiracy sentence to U. S. Supreme Court.

HIGHWAY PROJECTS

A delegation from Tarrant, Wise, Parker, Johnson, Hood and Denton counties called on the State Highway Commission seeking a \$172,100,000 highway development program in the Fort Worth metropolitan area.

Emphasis was placed on construction of a 56-mile link between Fort Worth and Ennis on U. S. Highway 237 to facilitate truck traffic from Houston to Fort Worth.

Highway Commission's approval this week of a \$40,000,000 highway construction project within the city limits of El Paso demonstrates results that can come from close cooperation between residents of a community and a state agency.

Eighteen months ago, the mayor and county judge from El Paso conferred with the Commissioners on traffic problems resultant from that city's status as the third fastest-growing city in the U. S. in the decade ending in 1960.

Highway Department told them it could do nothing unless the people of El Paso got busy. They did — and passed a \$15,000,000 road construction bond program in October.

When city officials came back to ask the Highway Commission for help, it came in a hurry, since \$7,500 worth of local right-of-way funds were ready.

- ... Community Survey Analysis, where growth factors are continually being assessed and evaluated.
- ... The Industrial Foundation, which provides community-wide financing for the land, brick and mortar required for new industry.
- ... Community Leadership, the organized energy, effort and manpower essential for sound economic growth and development.

WTU Area Representatives will provide growth-conscious communities with information about these elements or about a complete development program. Request this service through your local WTU manager.

...YOU DON'T EXPECT TO REACH TIMBUKTU

Naturally, when you call Grandmother's phone, that's the one you expect to get, and you do. But that's not as easy as it sounds.

Your call must work its way through all sorts of interconnections, wires, cables, switches and so forth until, finally, it picks the right phone out of some 83 million in the U.S.

Yet, out of all the possible chances for mistakes, your call goes where you send it . . . in town or out-of-town, to Grandmother, wherever she is. This sort of reliability is the result of service improvements that keep increasing the convenience and personal value of your telephone.

We would also like to Thank everyone that made a contribution to CROP. We received a total of \$210.44. This is not as much as we received last year, but this will help a great deal in meeting some needs.

Sky Diving Planned At City Airport Sunday

Hamlin and area residents will have an opportunity to see a thrilling skydiving show here Sunday afternoon. Members of the Sky Blazers Sport Parachute Club from Abilene will be demonstrating their skill in "free fall" jumping at the local airport. The Hamlin Jaycees will be assisting in the afternoon's activities and will be in charge of concessions.

There is no admission charge for the show which begins at 2 p.m. and will feature 12 to 15 jumps.

Sergeant Paul Ross of Dyess AFB, spokesman for the young men of the sport parachute group explained that in a free-fall jump, the parachutist delays from 10 to 45 seconds (depending on the altitude) after exiting from the plane before pulling his ripcord to open the chute.

And contrary to popular belief, Sergeant Ross further explained, in a free-fall a jumper does not drop straight down but he can do such stunts as loops, barrel rolls, move horizontally, flip on his back to snap photos of jumpers in the air above by using hands and feet as air foils to maneuver the body at will. "You can go almost any direction except up," he quipped.

A smoke grenade is attached to the jumper's ankle which he sets in action to make himself visible to the spectators below.

Sergeant Ross, 36, has 222 sport jumps to his credit and is vice president and operations officer for the club. Jumping

Wreck Saturday Kills Hamlin Graduate, Betty Jane Robertson

Services were held Monday for Betty Jane Robertson, 19 Hardin - Simmons University sophomore and graduate of Hamlin High School. Miss Robertson died in Hendricks Hospital at 8 p.m. Saturday from injuries received in a two car collision at 6:30 p.m.

Born April 12, 1945, in Hamlin, she was the daughter of J. C. Robertson, now of Eupora, Miss., and the late Mrs. J. C. Robertson. She made her home here with her maternal grandparents, Mr. and Mrs. R. L. Milstead, and her aunt, Miss Lola Milstead.

An honor graduate of the Class of 1963, Miss Robertson was a member of the band, F. H. A., Spanish Club and Library Club. She was also in the junior and senior class plays, was senior class duchess, and was selected the Rotary Club girl of the month her junior year.

Rev. Bryon Bryant, pastor, conducted services at 2 p.m. at the First Baptist Church where she was a member. Burial was in Neinda Cemetery.

Survivors include her father, her grandparents and her aunt. Pallbearers were Andy French, John Ferguson, Randy Brown, Jimmy Haught, Max Cowan, Van Newberry, Dan Newberry, O. H. Weaver and Bobby McCurdy.

The accident occurred on U. S. 83 south of Tuscola. Miss Robertson was riding in a sedan driven by Joe Stanley Tucker, 21, a McMurry student who received head injuries, when the car collided with a pickup truck driven by David Lee Mitchell, 29, of Abilene. Mitchell was dead on arrival at Hendrick Memorial Hospital and Miss Robertson died of chest injuries a short time after arrival at the hospital.

The accident was witnessed by Highway Patrolman Danny Williams, who was in pursuit of Mitchell's northbound vehicle at the time of the accident. The Tucker car was traveling south.

Williams said he had clocked Mitchell at "better than 80 miles per hour" and had been in actual pursuit for "about half

Heavy Voter Turnout Gives LBJ Big Victory

Hamlin voters turned out in heavy numbers here Tuesday to join the rest of the nation in electing President Lyndon Johnson to his first full term as President. Johnson carried the Hamlin East box 187 to 39 or 82% and the West box 440 to 232 or 66%.

Johnson carried the nation with a popular vote of over

60% and carried all but six states at the time this was written. He carried Jones county 3624 to 1300.

Senator Ralph Yarborough trailed Johnson only slightly in Hamlin and Jones county as he won reelection to the U. S. Senate over his Republican opponent, George Bush. Yarborough carried the Hamlin East box 169 to 54, the West box 394 to 274, and the county, 3247 to 1633.

Governor John Connally swept the county in his bid for a second term. He polled 4093 votes to Jack Crichton's 783. He carried both Hamlin boxes by large majorities—East box, 198 to 25; and West box, 536 to 137.

Rep. Omar Burleson won his 10th consecutive term to Congress from the 17th Congressional District. He had almost a 4 to 1 lead over his opponent, Phil M. Bridges of Abilene. Burleson carried Jones county 4203 to 802. Burleson was leading in the district 50,195 to

14,725. Neither State Senator David Ratliff or State Rep. Roy Arledge had any trouble in winning reelection. Both were opposed by Republican candidates. Incomplete returns has Ratliff ahead 37,761 to J. R. Anderson's 9,492. Arledge was ahead 8,498 to Joe Putman's 1361.

All returns are unofficial.

According to information here, Hamlin's West box voters turned in record numbers as over 700 of them voted Tuesday. This record vote was in spite of the fact that the box was out of ballots for about an hour and a half, from 3:30 to 5 p.m. It was thought by the election judges that nearly everyone who tried to vote during this time came back later.

Pipers to Host Winters Friday

Riding a three game victory string, the Pied Pipers will host the Winters Blizzards here Friday night in the District 5-AA clash. The winner can not figure in the district crown but the game will determine how the two teams will rank in the district.

Stamford, Anson and Ballinger are the three teams left that still have a shot at the title with Stamford out in front after their upset victory over Ballinger last week, 14-12. A Stamford win Friday night over Anson will give the Bulldogs the top spot and the right to represent the district in the play-offs. A loss by Stamford could throw the district into a three-way tie.

The Pipers will be seeking their first win over the Blizzards since the Winter's eleven joined this district and their first win over them in a number of years. Both Hamlin and Winters are 2-2 in district play. Hamlin is now 6-2 in season play following their 41-16 victory over Colorado City last week. The Blizzards are 4-4 in the season standings. They were idle last week.

The Blizzards were pre-season favorites to win this district and to go on to capture the state title. The loss of their

star quarterback Denny Allridge in their first game this season was a blow that that they could not seem to overcome. He returned to action three weeks ago but it was not before they had lost one district game and then they fell to Ballinger two weeks ago to knock them out of the race.

The Blizzards field one of the largest lines in 2A football with the line averaging 211 pounds from tackle to tackle.

The probable starting lineup for the Blizzards will be: J. C. Riddle, 195 pounds, and Chip Puckett, 180 pounds, at the ends; Mike Patterson, 215 pounds, and Richard Shade, 275 pounds, at the tackles; Ricky Robinson, 150 pounds, and Bob Foster, 205 pounds, at the guards; and Johnny Mathis, 210 pounds, at center; Aldridge, 180 pounds, at quarterback; Lefroy Kettler, 145 pounds, at halfback; Larry Awalt, 165 lbs at pounds, at wingback; Richard Puckett, 150 pounds, substitute at quarterback and Van fullback; and Jimmy Adams, 170 lb, 160 pounds, subs for Kettler.

On defense the Blizzards bring in Puckett, Jerry Awalt, Derrall Colburn and Roger O'Neal who weighs 230 pounds is the top boy on defense.

FAIRVIEW NEWS

By MRS. ELMER JOINER

As usual news is scarce out this way this week, since nothing out of the ordinary has happened, just the same old routine, eat, sleep and work.

Mr. Shirley Stewart, Mrs. Henry's brother-in-law, that has been ill in the hospital in Abilene, died last week and was buried in his home town of Aspermont.

Mrs. John Dutton and Lillie, of Anson, visited in Hamlin Sunday afternoon, coming back by the church to look around, then visited with Mr. and Mrs. Fred Rosenbaum.

Mr. and Mrs. Johnie Agnew went to Ballinger Friday, and came home Saturday, visiting both on their way to and fro, with Mrs. Lois Hampton, in Abilene.

Mrs. Jack Gray was carried to the hospital last Friday, at last report she was better, but will be kept for tests.

Mr. and Mrs. Mack Sansing and two little daughters, of Higgins, spent last Tuesday night with her grandparents, Mr. and Mrs. Henry.

Mr. and Mrs. Henry took off Saturday morning, real early, for a trip to Elgin, to see their son, W. C. Henry and family, and will return Monday.

Mr. and Mrs. Elmer Joiner went to Anson, Sunday afternoon, to see Mrs. Hap Ray, who is a patient in the Anson Hospital. She was feeling much better, but will be given tests for gall bladder trouble, before she is dismissed, trying to determine the cause for her attacks.

Mr. and Mrs. Johnie Agnew and Mr. and Mrs. Raleigh Bond, were guests of Mr. and Mrs. Flavil Holmes, Saturday night, having a good Halloween 42 party.

Apparently someone else had

a big party out this way Saturday night, as Mr. Bond's cotton trailer was overturned, the cotton spilled out, with evidence of a party left on the spot. Halloween may be a time for fun, but pranks like that are hard on people who are not young any more and have to load a lot of cotton again.

Mr. and Mrs. Doil Bills and daughters, returned home last Friday, after having spent their vacation visiting her parents, Mr. and Mrs. Winson Gray and other relatives on the Plains, their home being in Houston.

Mr. and Mrs. Jimmy Joiner, Ronald and Jeannie, spent Saturday night with the Elmer Joiners.

Linda Goodwin went to Abilene, Saturday, with her friends Jeannie Young and Betty Daniels, where Mr. Young carried them to see the football game at McMurry college.

Few spooks were in evidence out this way, Saturday night, as there's many folks out here any more, and it is more profitable for them to go to town. It is always a pleasure to see the little ones out "trick or treating" on Halloween night.

Governor Names Richard Price District Attorney

Richard Price of Abilene has been named district attorney for the 104th District, which includes Jones, Taylor and Fisher counties. His appointment was announced last week by Gov. John Connally, to succeed Tom Todd, who resigned.

Mr. Price was elected to the office in the election Tuesday but this term does not start until Jan. 1.

A SYMBOL OF SAFETY

When the ship is in danger, we can depend on the life-boats to take us over the seas to safety. It is comforting to glance at the life-boat when the seas are rough.

Our Armed Services are a symbol of safety when our country is in trouble, when war threatens to raise its ugly head. In the past, when war has come, our servicemen have not hesitated to give their lives to protect and defend us.

There is a special Day each year when we remember and honor our servicemen who have died in the defense of our blessed country. Let us not forget, as individuals, to honor these dead and give thanks to God for those who protect us even now. Remember them as you attend church this week.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Pipers Smother C-City Wolves, 41-16

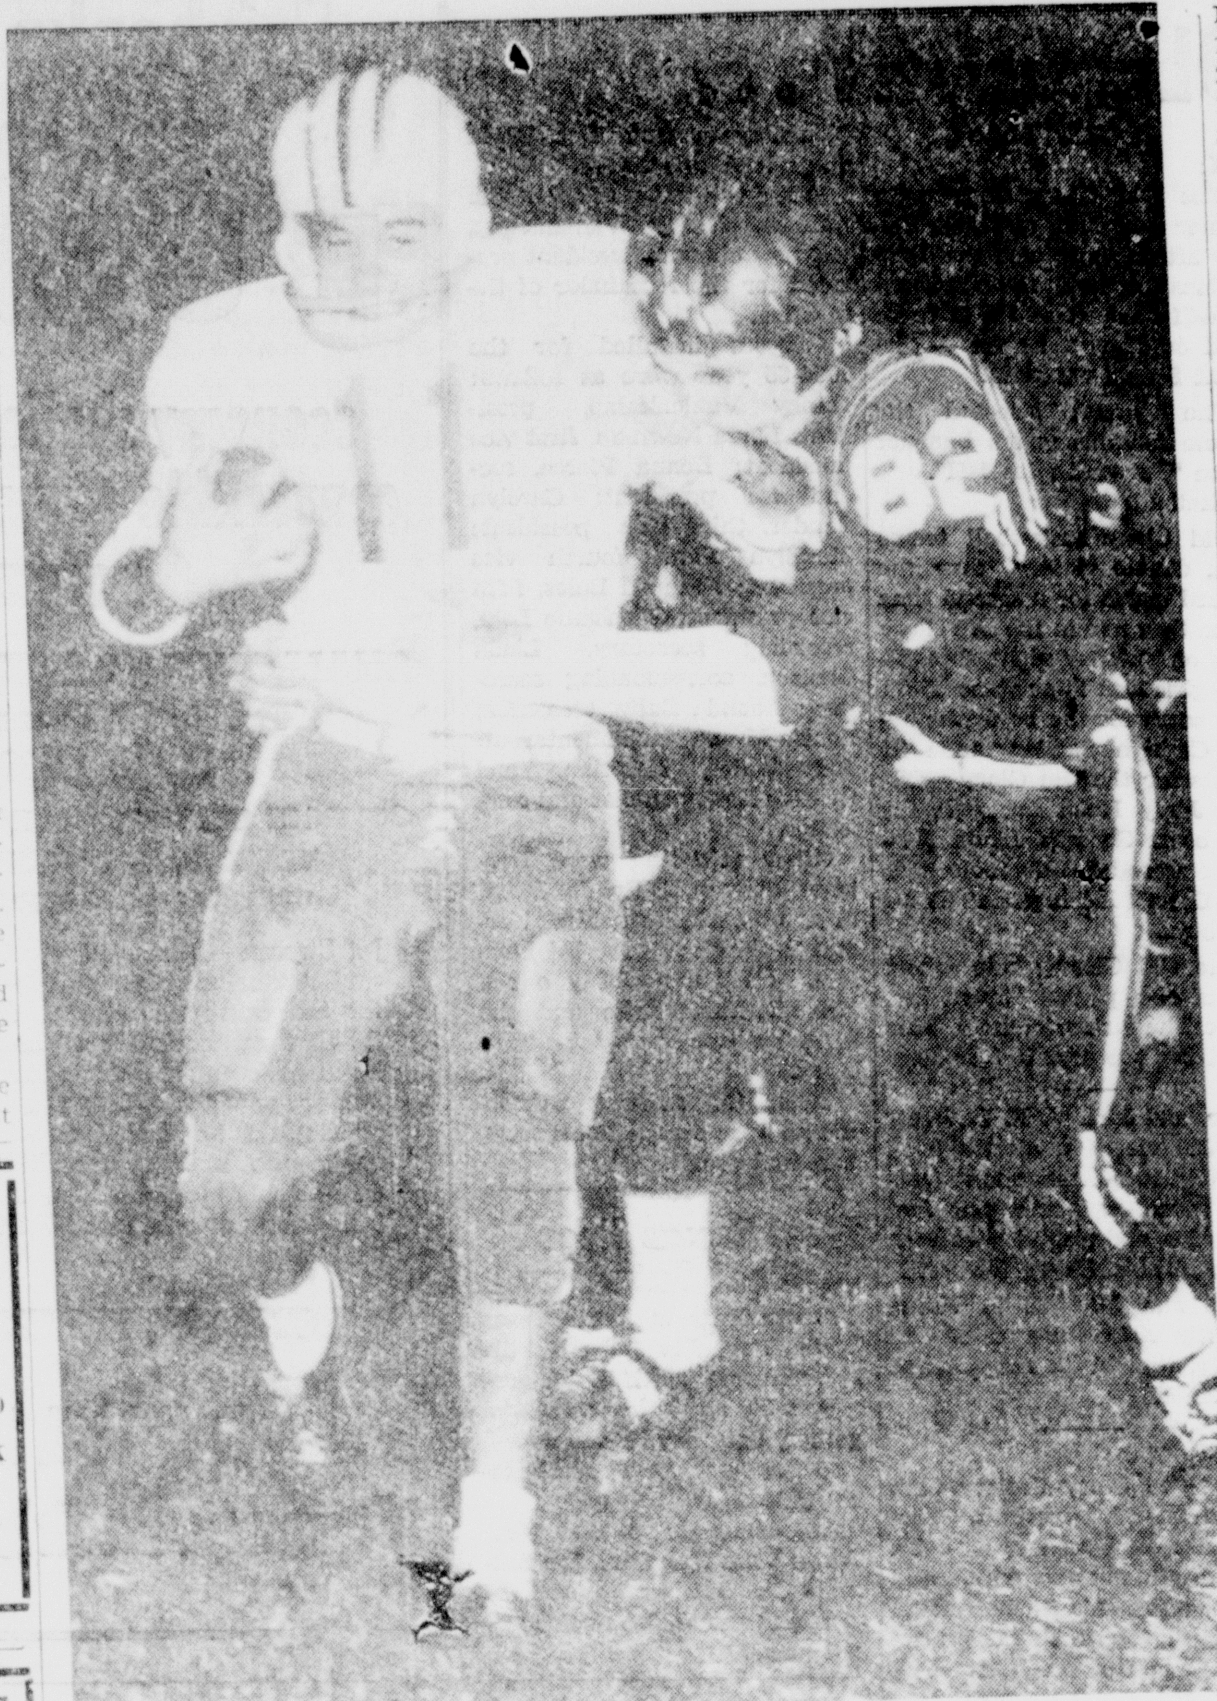

The Pipers scored in every quarter Friday night to smother the Colorado City Wolves, 41-16. The Pipers broke for a touchdown on their first play of scrimmage and completely dominated the game until the final period when Coach D. C. Andrews cleared his bench and the Wolves scored twice.

The Pipers racked up 174 yards rushing in the first half while holding the Wolves to a minus one yard.

Top ground gainer for the night was halfback Robert Pearce who carried 22 times for 122 yards with 16 of these coming in the first half for 93 yards. Next was fullback Johnny Overman with 14 carries for 92 yards. Top for Colorado City was halfback Donnie Lindsey with 17 tries for 63 yards.

In the passing department Pearce completed one of six passes for 20 yards and quarterback Tommy Ferguson completed seven of 17 for 81 yards. End Mike Shivers was on the receiving end of six of the seven completions for Hamlin. End James Ledbetter completed the other one.

The Pipers kicked off to the Wolves to open the contest

GAINS EIGHT YARDS — Playing quarterback during the fourth period Friday night, Johnny Overman turns left end for an eight yard gain as Colorado City's Don Latimer brings him down. Overman played most of the game at fullback and gained 92 yards in 14 carries. One of these was Hamlin's first play from scrimmage that was good for 42 yards and a score. with the Wolves starting action on their own 38. Two plays later Hamlin recovered a fumble to take over on the C-City 42. On the first play, Overman broke through the middle of a large gaping hole in the Wolves line and raced the 42 yards to pay dirt. Fullback Rupert Compton kicked the first of

five extra points. Following the kick off the Pipers held the Wolves and took over on their 40 after the Wolves punted. The Pipers moved down to the C-City 10 yard line before their drive fizzled out after three incomplete passes. A 30 yard run by Pearce was the big factor in the drive.

Near the end of the first period the Pipers opened up another drive that was stopped on the C-City 35 yard line by a pass interception.

The Pipers put their second score on the board with 3' 33" left on the clock with a 27 yard run by Pearce around his left end. Two pass plays from Ferguson to Shivers kept this drive alive as both came on third down situations. Compton's kick was good.

The Pipers recovered a C-City fumble on the Wolves 29 and drove in to score with 55 seconds left on the clock. Pearce went the last 16 yards in three plays with a smash over his left guard for four yards for the score. The big play in this drive was the combination of Ferguson to Shivers that paid off when the Pipers were facing fourth and ten at the 29. Compton kicked the point after.

The Pipers opened up the second half with a 65 yard scoring drive that saw Ferguson going the last foot on a sneak. This time it was a Pearce to Shivers pass good for 20 yards on third down that kept the drive alive. The Pipers were aided by a 25 yard pass interference penalty and a 13 yard run by Pearce that carried to the C-City one foot line. Compton kicked the point after and the Pipers owned a 28 to 0 lead.

The Pipers scored again in the second period when Linebacker Larry Simpson stopped a C-City drive with a pass interception that he returned 50 yards to the C-City 15 yard line. Pearce moved the ball to the four in three carries and Overman went over his right tackle for the score from there. Compton missed his only conversion of the night and the Pipers were out in front 34 to 0.

Early in the fourth period the Wolves drove 78 yards to pay dirt with Lindsey going the final six over his left guard. Lindsey carried in for the two points.

Following a fumble on the Hamlin 35 the Wolves scored again with Perry Millisap going

the last three yards for the score. Lindsey carried for the two points again and the Wolves had cut the Piper lead to 34 to 16.

In the final drive of the night the Pipers moved the ball from their 40 to the C-City 11 before fumbling with Danny Warner. Allen Cumbie and Overman doing the honors. Taking over on the 11, the Wolves fumbled on their first play and the Pipers had the ball back on the Wolf 10. A C-City penalty put the ball on the five and Ferguson passes to Shivers for the score. Compton kicked his final point for the night to give the Pipers a 41 to 16 victory.

New Use For Milk Cartons

To make a long lasting ice supply for the ice chest, collect empty milk cartons, fill them with water and freeze.

When they finally thaw, you have a container of emergency drinking water.

Another twist is to freeze milk. It, too, serves as an ice supply and the contents taste refreshing after thawing. Homogenized milk loses little flavor in freezing.

STATE CAPITAL

Highlights AND Sidelights

by Vern Sanford

AUSTIN, Tex. — This city once again became the seat of the executive branch of the federal government as President Johnson moved back to his home grounds for an expected prolonged post-election stay.

The President preferred to vote in person at his old box in Johnson City, rather than cast an absentee ballot.

An elaborate communications net work was prepared for the election day party here. Hundreds of national press, radio and television representatives accompanied Johnson to Texas Monday night.

Major developments are anticipated at the vacation White House during days immediately following counting of the votes.

The president, while resting up from the campaign, undoubtedly will be formulating his plans for the future and staying abreast of national and international developments at this important period.

He is scheduled to entertain at least one distinguished visitor at the LBJ Ranch, Mexico's President-elect Guevara Diaz Ordaz will visit him November 12-13, according to early reports. Most observers predict the President will remain at least until mid-November, possibly longer.

when you call Grandmother

...YOU DON'T EXPECT TO REACH TIMBUKTU

Naturally, when you call Grandmother's phone, that's the one you expect to get, and you do. But that's not as easy as it sounds.

Your call must work its way through all sorts of interconnections, wires, cables, switches and so forth until, finally, it picks the right phone out of some 83 million in the U.S.

Yet, out of all the possible chances for mistakes, your call goes where you send it . . . in town or out-of-town, to Grandmother, wherever she is. This sort of reliability is the result of service improvements that keep increasing the convenience and personal value of your telephone.

SOUTHWESTERN BELL

Making telephone service better to serve you better

in trials is a constitutional right. Geter began serving a life term in 1952.

Supreme Court refused to review a dispute between City of Athens and Gulf States Telephone Company over phone rates. It thus left standing the lower courts' decision that the East Texas city's 1961 and 1962 rate ordinances do not permit the company a fair return on its investment. City asked higher court to review the case.

In another case the Supreme Court agreed that Connecticut General Life Insurance Company is entitled to collect \$408,661 in overpayment of occupation taxes for 1952-57 and for 1959.

It left standing the lower court findings that United Press International libeled Bruce B. Mohs, a Madison, Wis., pilot in a story concerning a seaplane landing. Court of Civil Appeals has questioned the accuracy of most of the story. Mohs was awarded some \$7,500 in damages.

Board for State Hospitals and Special Schools cannot negotiate a new water-supply contract with the City of Big Spring, according to a ruling by 53rd District Judge Herman Jones. City attempted to have the Austin court set aside a 1937 contract under which it agreed to furnish water to the Big Spring State Hospital at a cost of 10 cents per 1,000 gallons. Estimated cost of furnishing this service now is set at 32 cents per 1,000 gallons. It is expected that the city will appeal Jones' decision.

BUSINESS CLIMBS

Texas building permits rose to a near-record level of \$155,000,000 in September.

It was the 43rd month of the

current Texas business expansion — second longest peacetime cyclical upswing since December 1854. Longest period was March 1933-May 1937.

Business Index as measured by University of Texas Bureau of Business Research was 12 per cent above September, 1963 — one per cent below all-time high of 152 per last July. Researchers registered an optimistic outlook for the remaining months of 1964.

APPOINTMENTS

Gov. John Connally has selected Richard M. Price of Abilene as 104th District Attorney. He succeeds Tom Todd who resigned the post effective Nov. 1. Price was the only general election candidate for the office. District includes Fisher, Jones and Taylor counties.

Connally reappointed Bay City Mayor Richard C. Gusman to the Battleship Texas Commission and selected Lofton O. Wells of Houston and Mrs. Mack J. (Viola) Webb of El Campo as new members of the Commission.

Appointees yet to be made total 72, on 29 state agencies, including the Sabine River Authority, Texas Water Commission, Neches, River Conservation District, State Seed and Plant Board, Red River Authority, Water Development Board, Texas Liquor Control Board, and 22 other administering bodies.

CLEANUP

Water Pollution Control Board announces its intention to adopt and enforce stringent regulations on all sewage treatment plants in Bexar County.

Board decided that there is no point in trying to clean up the Houston Ship Channel. It will be designated for navigation and industrial use, not for recreation.

ESTES JUDGEMENT ENTERED

Atty. Gen. Waggoner Carr reports that the 108th District Court in Potter County rendered a \$547,500 summary judgment against onetime West Texas financier Billie Sol Estes, winding up the state's suit against Estes and Commercial Solvents Corp.

State claims Estes and the firm combined to unlawfully injure and drive out competition in anhydrous ammonia fertilizer in the high plains area by selling below cost and through other schemes violating the anti-trust act.

Commercial Solvents earlier paid \$150,000 under an agreed judgment. But it admitted no liability.

Estes is appealing the Federal Court's 15-year fraud and conspiracy sentence to U. S. Supreme Court.

HIGHWAY PROJECTS

A delegation from Tarrant, Wise, Parker, Johnson, Hood and Denton counties called on the State Highway Commission seeking a \$172,100,000 highway development program in the Fort Worth metropolitan area.

Emphasis was placed on construction of a 56-mile link between Fort Worth and Ennis on U. S. Highway 237 to facilitate truck traffic from Houston to Fort Worth.

Highway Commission's approval this week of a \$40,000,000 highway construction project within the city limits of El Paso demonstrates results that can come from close cooperation between residents of a community and a state agency.

Eighteen months ago, the mayor and county judge from El Paso conferred with the Commissioners on traffic problems resultant from that city's status as the third fastest-growing city in the U. S. in the decade ending in 1960.

Highway Department told them it could do nothing unless the people of El Paso got busy. They did — and passed a \$15,000,000 road construction bond program in October.

When city officials came back to ask the Highway Commission for help, it came in a hurry, since \$7,500 worth of local right-of-way funds were ready.

AG OPINIONS

Attorney General Carr has ruled that state law does not authorize a discount for the taxpayer for early payment of state ad valorem taxes, even though county ad valorem have a discount feature.

Ministerial Group Thanks Public for Support of CROP

The Hamlin Ministerial Alliance expressed the following message of appreciation to the people of Hamlin and the workers for the recently completed CROP drive:

The Hamlin Ministerial Alliance would like to express our appreciation to everyone that helped last Wednesday in the collecting for CROP. We had some 24 young people from 5 different churches that actually did the collecting.

We would also like to Thank everyone that made a contribution to CROP. We received a total of \$210.44. This is not as much as we received last year, but this will help a great deal in meeting some needs.

There were a number that were not at home when the young people made the call. If you did not give, it is not too late, send your contribution to the First Methodist Church, and the money will be given to the Treasurer.
